## FOREWORD

Data presented in this publication are intended to supplement the operational statistics published quarterly in the Canada Pension Plan Statistical Bulletin. Both the quarterly Bulletin and this supplement are available to industry, welfare organizations and all levels of government as well as other interested persons.

Contributions to the Canada Pension Plan have been made by employees, employers and self-employed people since the Plan became effective in January 1966. These contributions, together with interest earned on the investment of contributions, completely finance all benefits and all costs incurred in the administration of the Plan. For these reasons it was felt that detailed statistics on contributors and contributions would be of value and interest to many. The tables include statistics on the number of contributors and the amount of contributions distributed by sex, age, earnings level, employment status and province.

The Canada Pension Plan is an earnings-related program. In other words, both contribution amounts and benefit amounts are dependent on earnings. The information in the following tables is taken from earnings data and should not be mistaken for contributor information available from income data.

## AVANT-PROPOS

Les renseignements contenus dans cette publication constituent un supplément aux statistiques publiées trimestriellement dans le bulletin statistique du Régime de pensions du Canada. Tout comme le bulletin statistique, cette publication est à la disposition de l'industrie, des organismes de bien-être, de tous les niveaux de gouvernement et des personnes intéressées.

Les cotisations au Régime de pensions du Canada sont versées par les salariés, les employeurs et les personnes travaillant à leur propre compte, depuis l'entrée en vigueur du Régime en janvier 1966. Ces cotisations et les intérêts sur l'investissement de ces cotisations financent entièrement les paiements des prestations et toutes les dépenses encourues pour l'administration du Régime. Ceci nous permet de croire à l'utilité et à l'intérêt que peut représenter la publication de statistiques détaillées sur les cotisants et leurs cotisations. Les tableaux contiennent des statistiques sur le nombre de cotisants et le montant des cotisations suivant le sexe, l'âge, le niveau des gains, l'état relatif à l'emploi et la province.

Le Régime de pensions du Canada est un programme basé sur les gains. En d'autres termes, le montant des cotisations et le montant des prestations dépendent des gains. Les renseignements fournis dans les tableaux sont tirés de données sur les gains et ne doivent pas être considérés comme provenant de données sur les revenus.

# INTRODUCTION

The tables appearing in this publication were obtained through the Record of Earnings as maintained by the Canada Pension Plan Division of the Department of Supply and Services. The Record of Earnings contains records of the earnings and contributions of each contributor. Individual details are held in strict confidence.

The symbol (-) is used to indicate a number less than three in the tables indicating the number of contributors, and nil or an amount less than can be shown with the number of digits used in the other tables.

## DEFINITIONS AND TERMINOLOGY

CONTRIBUTOR:

To contribute to the Plan, a person must be at least age 18, under age 70 and not be in receipt of a retirement or disability pension under the Canada Pension Plan. In addition, except for those persons becoming age 18 or age 70, becoming or ceasing to be disabled, retiring, or dying in the year, earnings for the year must exceed $1,300.

CONTRIBUTIONS:

In 1980, contributions were payable on earnings between $1,300 and $13,100 for both employees and the self-employed. Employees contribute at the rate of 1.8% with a matching contribution being made by their employers. Self-employed persons contribute at the rate of 3.6%. Thus, in 1980 the maximum contribution payable by employee was $212.40 and that of a self-employed person $424.80.

EMPLOYMENT STATUS:

A contributor having earnings only from salary and wages is considered an "employee". Contributors having only earnings from self-employment are classified as "self-employed". If a contributor has both employment and self-employment earnings, he is classified as "mixed".

EARNINGS:

Earnings are essentially salaries from wages of employees and earnings from self-employment on which CPP contributions are made. Earnings do not include income from investments or pensions.

AVERAGE EARNINGS:

Average of the earnings shown in the Record of Earnings. However, contributors having earnings of $100,000 or over are considered as having earnings of $99,999 for the purposes of the average.

MEDIAN EARNINGS:

The value of the distribution of earnings which divides the number of contributors into two equal parts, or the amount of earnings above which 50% of the contributors are located and below which the other 50% are located.

# INTRODUCTION

Les tableaux de cette publication ont été obtenus à partir de données du registre des gains tel que maintenu par le ministère des Approvisionnements et Services, Division du Régime de pensions du Canada. Le registre des gains contient le montant des gains et des cotisations de chaque cotisant. Les renseignements particuliers sont strictement confidentiels.

Le symbole (-) est utilisé pour indiquer un nombre inférieur à trois dans les tableaux sur le nombre de cotisants, et nul ou inférieur à l'unité utilisée dans les autres tableaux.

## CONCEPTS ET TERMINOLOGIE

COTISANT:

Pour être cotisant au Régime, une personne doit être âgée d'au moins 18 ans, mais de moins de 70 et ne pas recevoir une pension de retraite ou d'invalidité du Régime de pensions du Canada. De plus, sauf si au cours de l'année une personne atteint l'âge de 18 ou de 70 ans, ou meurt, ou une pension de retraite lui devient payable, ou une pension d'invalidité lui devient payable ou cesse de l'être, les gains pour l'année doivent être supérieurs à $1,300.

COTISATIONS:

En 1980, les gains cotisables étaient les gains compris entre $1,300 et $13,100, tant pour les salariés que les autonomes. Les cotisations versées au Régime de pensions du Canada sont 3.6% des gains cotisables, mais dans les cas des salariés, 1.8% est versé par les employeurs. Ainsi, en 1980, la cotisation maximale payable par un employé était de $212.40 et celle d'une personne travaillant à son propre compte, de $424.80.

ÉTAT RELATIF A L'EMPLOI:

Un cotisant est classifié comme salarié, travailleur autonome, ou mixte selon que ses gains proviennent d'un emploi, d'un travail à son propre compte, ou des deux à la fois.

GAINS:

Ce terme réfère aux revenus sur lesquels des cotisations au Régime de pensions du Canada ont été prélevées. Ces gains sont essentiellement des salaires et des gages, et des gains provenant d'un travail autonome. Les gains ne comprennent donc pas les revenus provenant d'investissements ou de pensions.

MOYENNE DES GAINS:

Moyenne des gains inscrits au registre des gains. Cependant, les cotisants dont les gains sont de $100,000 ou plus sont considérés comme ayant des gains de $99,999 pour le calcul de la moyenne.

MÉDIANE DES GAINS:

La valeur dans la distribution des gains qui divise le nombre de cotisants en deux parties égales, ou le montant des gains au-dessus et au dessous duquel se situent 50% des cotisants.

AGE:

Age refers to age at the end of the calendar year.

ALL AGES/AREAS:

Those persons whose age, sex and/or province is not known have been excluded from this publication. Those persons represent less than 0.0001% of all contributors.

PROVINCE:

Many contributors have earnings in more than one province. To avoid multiple counting of these persons, all earnings were considered to have been made in the province in which the greatest amount was earned. Provincial details have not been included for Quebec, N.W.T., Yukon and "Outside Canada" because of the small numbers in these areas.

ÂGE:

Dans tous les tableaux, les âges utilisés sont ceux à la fin de l'année civile.

TOTAL:

Les cotisants dont l'âge et/ou le sexe n'est pas connu ainsi que ceux dont la province de résidence n'est pas connue ont été exclus dans cette publication. Ces personnes représentent moins de 0.0001% de l'ensemble des cotisants.

PROVINCE:

Un certain nombre de cotisants ont des gains dans plus d'une province. Afin d'éviter de compter plus d'une fois ces personnes, on considère que tous leurs gains ont été faits dans la province où elles ont gagné le plus. Les tableaux donnant les détails sur le Québec, les Territoires du Nord-Ouest, le Yukon, et l'extérieur du Canada, ont été exclus en raison du petit nombre de cotisants dans ces régions.
